

## Racial Equity Coaching

---

Learning about diversity, equity, and inclusion and implementing practices into your day-to-day work and life are lifelong pursuits. Whether you've taking Exponent Philanthropy's *Journeys to Equity: Becoming A Better Ally* series or other programs, we encourage members to pursue their continued learning through programs or coaching.

Exponent Philanthropy has worked with Equity in the Center, who offers this guide about hiring an equity consultant. They also offer coaching.
